### Outline of Need:

Women of Vine Ministries saw the need to organize themselves to receive funding from funders for the purpose of increasing economic development, creating jobs, increasing the value of the community, and assisting American citizens. Women of the Vine Ministries recently received its 501© 3 non-profit designation from the Internal Revenue Service. The ministry is headed by Mrs. Linda Hudson, Executive Director along with a Board of Directors. Mrs. Hudson came to the Center for Rural and Small Business Development for assistance in completing the application. She was assisted with the completion of the 1023 form, along with Bylaws and Articles of Incorporation, conflict of interest policy and other supporting documents by Gloria London.

### How CRSBD Assisted:

CRSBD assisted Women of Vine Ministries with establishing their Bylaws, Articles of Incorporation, conflict of interest policy and other supporting documentation.

### Results:

The establishment of a non-profit organization that has increased the value of the community, helped with educational enhancement for adults and youth, helped with health programs, and economic development in general.
